

## Accepted Manuscript

The trabecular effect: A population-based longitudinal study on age and sex differences in bone mineral density and vertebral load bearing capacity

Marianna L. Oppenheimer-Velez, Hugo Giambini, Asghar Rezaei, Jon J. Camp, Sundeep Khosla, Lichun Lu

PII: S0268-0033(18)30266-3  
DOI: doi:[10.1016/j.clinbiomech.2018.03.022](https://doi.org/10.1016/j.clinbiomech.2018.03.022)  
Reference: JCLB 4508  
To appear in: *Clinical Biomechanics*  
Received date: 30 March 2017  
Accepted date: 26 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
