

Accepted Manuscript

Artificial Intelligence, Machine Learning, Deep Learning, and Cognitive Computing:
what do these terms mean and how will they impact health care?

Stefano Alec Bini, M.D.

PII: S0883-5403(18)30215-8

DOI: [10.1016/j.arth.2018.02.067](https://doi.org/10.1016/j.arth.2018.02.067)

Reference: YARTH 56463

To appear in: *The Journal of Arthroplasty*

Received Date: 12 February 2018

Accepted Date: 14 February 2018

Please cite this article as: Bini SA, Artificial Intelligence, Machine Learning, Deep Learning, and Cognitive Computing: what do these terms mean and how will they impact health care?, *The Journal of Arthroplasty* (2018), doi: 10.1016/j.arth.2018.02.067.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
