Source of Support:

The Retrieved Orthopaedic Implant Registry at Beaumont Health is underwritten by generous donations to the Dorothy and Byron Gerson Implant Analysis Fund. No external funding was received for this study.

IRB Approval:

This study was approved the Institutional Review Board at Beaumont Health Research Institute, under the study protocol #2012-127.

Acknowledgments:

A generous gift provided by Byron and Dorothy Gerson to establish the Byron and Dorothy Gerson Implant Analysis Fund, has supported this research. We acknowledge the work of Orthopaedic Research Laboratory interns, Amie Chaloupka and Makenzie Larson, who assisted with preparing implants for evaluation and grading.
