This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Myofibroblasts and mast cells: influences on biological behavior of odontogenic lesions

Joabe dos Santos Pereira

Fernando José de Oliveira Nóbrega

Rodrigo Gadelha Vasconcelos

Adriana Costa de Souza Martins Câmara

Lélia Batista de Souza

Lélia Maria Guedes Queiroz

Authors' institutional affiliation: Post-graduation Program of Oral Pathology, Department of Dentistry, Federal University of Rio Grande do Norte, Natal, Brazil.

Running title: Role of myofibroblasts and mast cells

Corresponding author:
