22 **Keywords:** graduate education, burnout, depression, resilience, uncertainty
23

24 **Running Title:** Stress from Uncertainty & Resilience in Residents
25

26 **Words Count:** Abstract, 249 words. Manuscript, 2902 words.
27

28 **Funding Source:** This project was supported by a grant from the Patient-Centered Outcomes
29 Research Institute (CDR-1306-03556, PI: Landrigan). Dr. Khan's time was supported by an
30 Agency for Healthcare Research and Quality K12 grant (K12HS022986; PI: Finkelstein).
31

32 **Financial Disclosure Statement:** Drs. Landrigan, Spector, West, and Sectish, have received
33 monetary awards, honoraria, and travel reimbursement from multiple academic and professional
34 organizations for teaching and consulting on physician performance and handoffs. They have
35 consulted with and hold equity in the I-PASS Institute, which seeks to train institutions in best
36 handoff practices and aid in their implementation. Dr. Landrigan has also served as a paid
37 consultant to Virgin Pulse to help develop a Sleep and Health Program. He is supported in part
38 by the Children's Hospital Association for his work as an Executive Council member of the
39 Pediatric Research in Inpatient Settings (PRIS) network. In addition, Dr. Landrigan has received
40 monetary awards, honoraria, and travel reimbursement from multiple academic and professional
41 organizations for teaching and consulting on sleep deprivation and safety, and has served as an
42 expert witness in cases regarding patient safety and sleep deprivation. Drs. Simpkin, Khan and
43 Ms Garcia have no financial relationships relevant to this article to disclose.
