Abbreviated title: HDAC5 in incubation of methamphetamine craving

Corresponding Author: Yavin Shaham, Neurobiology of Relapse Section, Intramural Research Program, NIDA, 251 Bayview Blvd., Suite 200, Baltimore. Email: [yavin.shaham@nih.gov](mailto:yavin.shaham@nih.gov); Phone: 443-740-2723

\* Co-senior authors

Author contributions: XL, CWC, EJN, and YS conceived the project, provided intellectual input, and wrote the paper. XL, KW, TZ, OML, JMB, JZ and FS carried out experiments. MBC, CTR and BKH developed and validated the AAV constructs. HS provided the plasmids.

### Manuscript information:

Number of pages: 20

Number of words for Abstract: 248

Number of words for Article body: 3966 (max 4000)

Number of words for introduction: 606

Number of words for discussion: 1717

Number of figures: 3

Supplementary Online Material:

Material and Methods section

Number of Supplementary tables: 2

Number of Supplementary figure: 3
