This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# **Role of Bowel Suspension Technique to Prevent Early Intestinal Obstruction after Radical Cystectomy with Ileal Orthotopic Neobladder: A retrospective cohort study**

**Wan Song, Hyun Suk Yoon, Kwang Hyun Kim, Hana Yoon, Woo Sik Chung, Bong Suk Sim, and Dong Hyeon Lee**

*Department of Urology, Ewha Womans University School of Medicine, Seoul, Korea*

This article consists of 21 pages of manuscript, 24 references, 2 figure, and 2 tables

Word count of text: 2,379      Word count of the abstract: 248

**Running head:** Bowel suspension and intestinal obstruction

**Keywords:** Bladder Cancer; Bowel Suspension; Ileal neobladder; Intestinal obstruction, Radical cystectomy

**Correspondence:**

Dong Hyeon Lee, M.D., PhD
