

## Accepted Manuscript

Title: The Effect of Intravitreal Cholinergic Drugs on Motor Control

Authors: Gregory L. Willis, Christopher B. Freelance

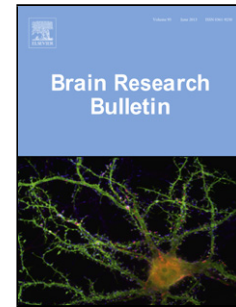

PII: S0166-4328(17)31500-0  
DOI: <https://doi.org/10.1016/j.bbr.2017.11.027>  
Reference: BBR 11186

To appear in: *Behavioural Brain Research*

Received date: 7-9-2017  
Revised date: 18-11-2017  
Accepted date: 22-11-2017

Please cite this article as: Willis Gregory L, Freelance Christopher B. The Effect of Intravitreal Cholinergic Drugs on Motor Control. *Behavioural Brain Research* <https://doi.org/10.1016/j.bbr.2017.11.027>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
