Title: In vivo assessment of the human cerebral microcirculation and its glycocalyx: a technical report.

Authors: R.H.L. Haeren, K. Rijkers, O.E.M.G. Schijns, J. Dings, G. Hoogland, M.A.M.J. van Zandvoort, H. Vink, J.J. van Overbeeke

PII: S0165-0270(18)30080-3
DOI: <https://doi.org/10.1016/j.jneumeth.2018.03.009>
Reference: NSM 7964

To appear in: *Journal of Neuroscience Methods*

Received date: 19-9-2017
Revised date: 12-3-2018
Accepted date: 21-3-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

In vivo assessment of the human cerebral microcirculation and its glycocalyx: a technical report.
