

## Accepted Manuscript

Title: Response of zebrafish larvae to mild electrical stimuli: a 96-well setup for behavioural screening

Author: Peter J. Steenbergen

PII: S0165-0270(18)30061-X  
DOI: <https://doi.org/10.1016/j.jneumeth.2018.03.002>  
Reference: NSM 7957

To appear in: *Journal of Neuroscience Methods*

Received date: 26-11-2017  
Revised date: 4-3-2018  
Accepted date: 5-3-2018

Please cite this article as: Steenbergen Peter J. Response of zebrafish larvae to mild electrical stimuli: a 96-well setup for behavioural screening. *Journal of Neuroscience Methods* <https://doi.org/10.1016/j.jneumeth.2018.03.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Article type:** Research Article

# Response of zebrafish larvae to mild electrical stimuli: a 96-well setup for behavioural screening
