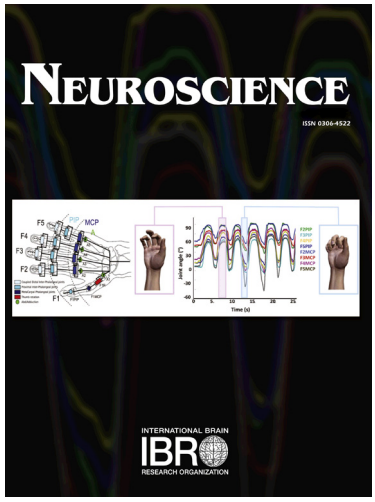
Accepted Manuscript



Biomaterials Cues to Direct a Pro-Regenerative Phenotype in Macrophages and Schwann Cells

Melissa R. Wrobel, Harini G. Sundararaghavan

PII: S0306-4522(18)30132-5
DOI: https://doi.org/10.1016/j.neuroscience.2018.02.015
Reference: NSC 18305

To appear in: *Neuroscience*

Received Date: 26 October 2017
Accepted Date: 9 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
