Title: Central irisin administration suppresses thyroid hormone production but increases energy consumption in rats

Authors: Suat Tekin, Yavuz Erden, Fatma Ozyalin, Ebru Etem Onalan, Yilmaz Cigremis, Cemil Colak, Ibrahim Tekedereli, Suleyman Sandal

PII: S0304-3940(18)30223-4
DOI: <https://doi.org/10.1016/j.neulet.2018.03.046>
Reference: NSL 33505

To appear in: *Neuroscience Letters*

Received date: 22-1-2018
Revised date: 13-3-2018
Accepted date: 20-3-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Central irisin administration suppresses thyroid hormone production but increases energy consumption in rats

Running title: Irisin and thyroid axis
