Tinnitus-related fear: Mediating the effects of a cognitive behavioural specialised tinnitus treatment

Rilana F.F. Cima, Gerard van Breukelen, Johan W.S. Vlaeyen

PII: S0378-5955(16)30429-4

DOI: [10.1016/j.heares.2017.10.003](https://doi.org/10.1016/j.heares.2017.10.003)

Reference: HEARES 7432

To appear in: *Hearing Research*

Received Date: 18 September 2016

Revised Date: 2 October 2017

Accepted Date: 9 October 2017

Please cite this article as: Cima, R.F.F., van Breukelen, G., Vlaeyen, J.W.S., Tinnitus-related fear: Mediating the effects of a cognitive behavioural specialised tinnitus treatment, *Hearing Research* (2017), doi: 10.1016/j.heares.2017.10.003.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Tinnitus-related fear mediates the effects of a specialised cognitive behavioural tinnitus treatment

***Authors***

*Rilana F.F. Cima, PhD (Author responsible for correspondence)*

Department of Clinical Psychological Science, Maastricht University, P.O.Box 616, 6200 MD Maastricht, the Netherlands, Tel: +31 43 3881591. E-mail: [r.cima@maastrichtuniversity.nl](mailto:r.cima@maastrichtuniversity.nl)

*Gerard van Breukelen, PhD*

Department of Methodology and Statistics, Maastricht University, P.O.Box 616, 6200 MD Maastricht, The Netherlands, Tel: + 31 433884001. E-mail: [Gerard.vbreukelen@maastrichtuniversity.nl](mailto:Gerard.vbreukelen@maastrichtuniversity.nl)

*Johan W.S. Vlaeyen, PhD*

Professor of Behavioural Medicine, Research Group Health Psychology, University of Leuven, Tiensestraat 102, 3000 Leuven, Belgium & Department of Clinical Psychological Science, Maastricht University, P.O.Box 616, 6200 MD Maastricht, the Netherlands, Tel: +3216325915. E-mail: [johan.vlaeyen@ppw.kuleuven.be](mailto:johan.vlaeyen@ppw.kuleuven.be)

***Funding***

Trial funding was supported by The Netherlands Organisation for Health Research and Development (ZonMW). Research programme: Health Care Efficiency, Subprogramme: Effects & Costs, Grant number: 945-07-715, Grant applications round 2007.

***Acknowledgements***

The authors would like to thank all professionals and interns, supporting staff and management of Adelante; Audiology & Communication for enabling the RCT and to all participating tinnitus-patients. We also express our appreciation to Rosanne Janssen for assisting with the online application 'Emium' and the Maastricht University Medical Center for all supporting services. Participation of Rilana Cima and Johan Vlaeyen was supported by ZonMw Grant, number: 945-07-715.
