Accepted Manuscript

Single or mixture halogenated chemicals? Risk assessment and developmental toxicity prediction on zebrafish embryos based on weighted descriptors approach

Supratik Kar, Shinjita Ghosh, Jerzy Leszczynski

PII: S0045-6535(18)31309-2

DOI: 10.1016/j.chemosphere.2018.07.051

Reference: CHEM 21766

To appear in: ECSN

Received Date: 30 May 2018
Revised Date: 9 July 2018
Accepted Date: 10 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
