Acid resistance of palm oil fuel ash and metakaolin ternary blend cement mortar

Jamilu Usman, AbdulRahman Mohd Sam

PII: S2468-2039(17)30123-1

DOI: [10.1016/j.serj.2017.02.003](https://doi.org/10.1016/j.serj.2017.02.003)

Reference: SERJ 87

To appear in: *Sustainable Environment Research*

Received Date: 14 March 2016

Revised Date: 30 December 2016

Accepted Date: 16 February 2017

Please cite this article as: Usman J, Sam AM, Acid resistance of palm oil fuel ash and metakaolin ternary blend cement mortar, *Sustainable Environment Research* (2017), doi: 10.1016/j.serj.2017.02.003.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
