Zinc sorption by different soils as affected by selective removal of carbonates and hydrous oxides

Vasileios Antoniadis, Sabry M. Shaheen, Christos D. Tsadilas, Magdi H. Selim, Jörg Rinklebe

PII: S0883-2927(16)30601-1

DOI: [10.1016/j.apgeochem.2017.04.007](https://doi.org/10.1016/j.apgeochem.2017.04.007)

Reference: AG 3864

To appear in: *Applied Geochemistry*

Received Date: 26 December 2016

Accepted Date: 14 April 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 Zinc sorption by different soils as affected by selective removal of carbonates and hydrous
2 oxides
