Influence of secondary water supply systems on microbial community structure and opportunistic pathogen gene markers

Huan Li, Shang Li, Wei Tang, Yang Yang, Jianfu Zhao, Siqing Xia, Weixian Zhang, Hong Wang

PII: S0043-1354(18)30136-2

DOI: [10.1016/j.watres.2018.02.031](https://doi.org/10.1016/j.watres.2018.02.031)

Reference: WR 13583

To appear in: *Water Research*

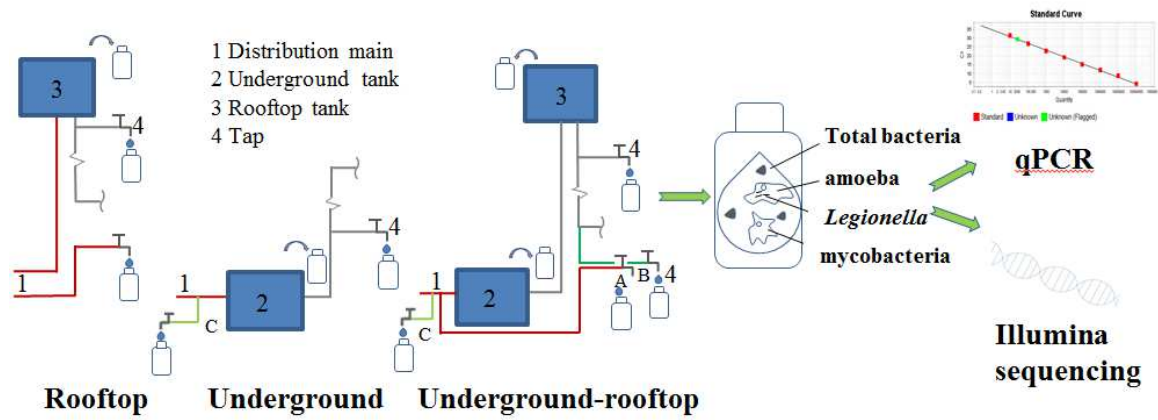

Received Date: 19 October 2017

Revised Date: 10 February 2018

Accepted Date: 12 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
