

## Accepted Manuscript

Moving ocean acidification research beyond a simple science: investigating ecological change and their stabilizers

Ghedini Giulia, D. Connell Sean

PII: S2352-2496(16)30017-9  
DOI: doi:[10.1016/j.fooweb.2017.03.003](https://doi.org/10.1016/j.fooweb.2017.03.003)  
Reference: FOOWEB 57

To appear in:

Received date: 29 August 2016  
Revised date: 24 March 2017  
Accepted date: 24 March 2017

Please cite this article as: Giulia, Ghedini, Connell Sean, D., Moving ocean acidification research beyond a simple science: investigating ecological change and their stabilizers, (2017), doi:[10.1016/j.fooweb.2017.03.003](https://doi.org/10.1016/j.fooweb.2017.03.003)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Moving ocean acidification research beyond a simple science: investigating  
ecological change and their stabilizers**
