Title: Effects of waterborne cadmium on metabolic rate, oxidative stress, and ion regulation in the freshwater fish, inanga (*Galaxias maculatus*)

Authors: Nicole K. McRae, Sally Gaw, Chris N. Glover

PII: S0166-445X(17)30314-4
DOI: <https://doi.org/10.1016/j.aquatox.2017.10.027>
Reference: AQTOX 4789

To appear in: *Aquatic Toxicology*

Received date: 2-8-2017
Revised date: 24-10-2017
Accepted date: 29-10-2017

Please cite this article as: McRae, Nicole K., Gaw, Sally, Glover, Chris N., Effects of waterborne cadmium on metabolic rate, oxidative stress, and ion regulation in the freshwater fish, inanga (*Galaxias maculatus*). *Aquatic Toxicology* <https://doi.org/10.1016/j.aquatox.2017.10.027>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Effects of waterborne cadmium on metabolic rate, oxidative
stress, and ion regulation in the freshwater fish, inanga
(*Galaxias maculatus*)**
