Mercury biomagnification through food webs along a salinity gradient down-estuary from a biological hotspot

Darren G. Rumbold, Ted R. Lange, Doug Richards, Gina DelPizzo, Nicole Hass

PII: S0272-7714(17)30571-1

DOI: [10.1016/j.ecss.2017.10.018](https://doi.org/10.1016/j.ecss.2017.10.018)

Reference: YECSS 5654

To appear in: *Estuarine, Coastal and Shelf Science*

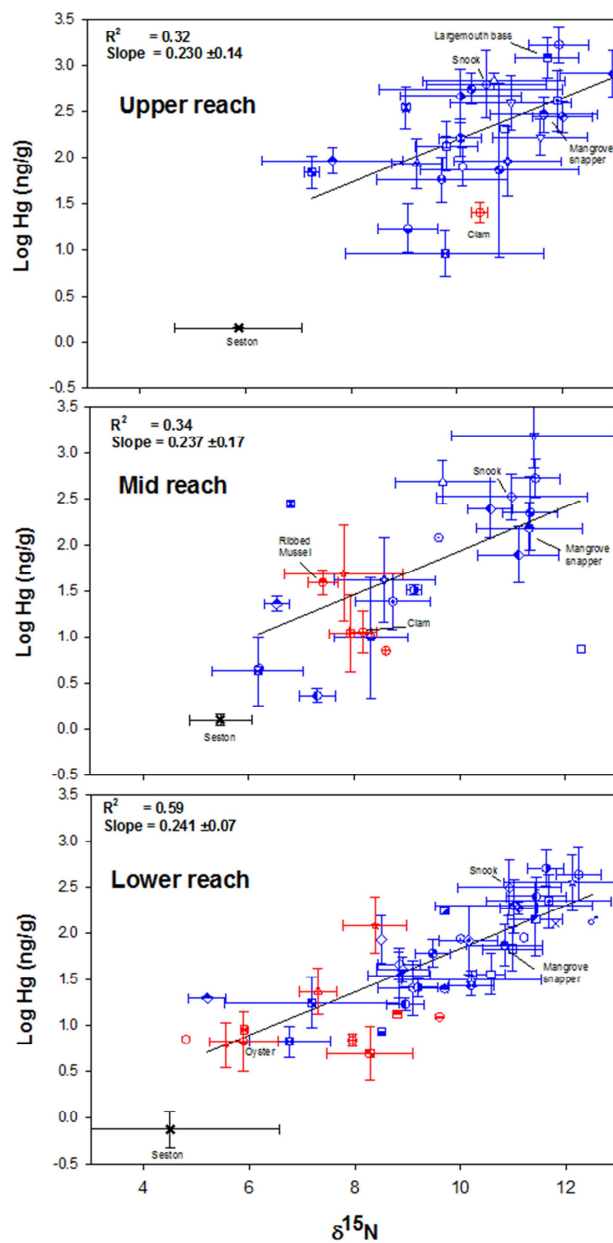

Received Date: 27 May 2017

Revised Date: 1 September 2017

Accepted Date: 25 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
