

## Accepted Manuscript

Variability of energy density among mesozooplankton community: new insights in functional diversity to forage fish

Aurélie Dessier, Christine Dupuy, Anaïs Kerric, Françoise Mornet, Matthieu Authier, Paco Bustamante, Jérôme Spitz

PII: S0079-6611(16)30210-5

DOI: <https://doi.org/10.1016/j.pocean.2017.10.009>

Reference: PROOCE 1865

To appear in: *Progress in Oceanography*

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
