

## Accepted Manuscript

Title: How important is arbuscular mycorrhizal colonization in wetland and aquatic habitats?

Authors: Anna Fusconi, Marco Mucciarelli

PII: S0098-8472(18)30435-0  
DOI: <https://doi.org/10.1016/j.envexpbot.2018.06.016>  
Reference: EEB 3475

To appear in: *Environmental and Experimental Botany*

Received date: 27-3-2018  
Revised date: 31-5-2018  
Accepted date: 14-6-2018

Please cite this article as: Fusconi A, Mucciarelli M, How important is arbuscular mycorrhizal colonization in wetland and aquatic habitats?, *Environmental and Experimental Botany* (2018), <https://doi.org/10.1016/j.envexpbot.2018.06.016>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

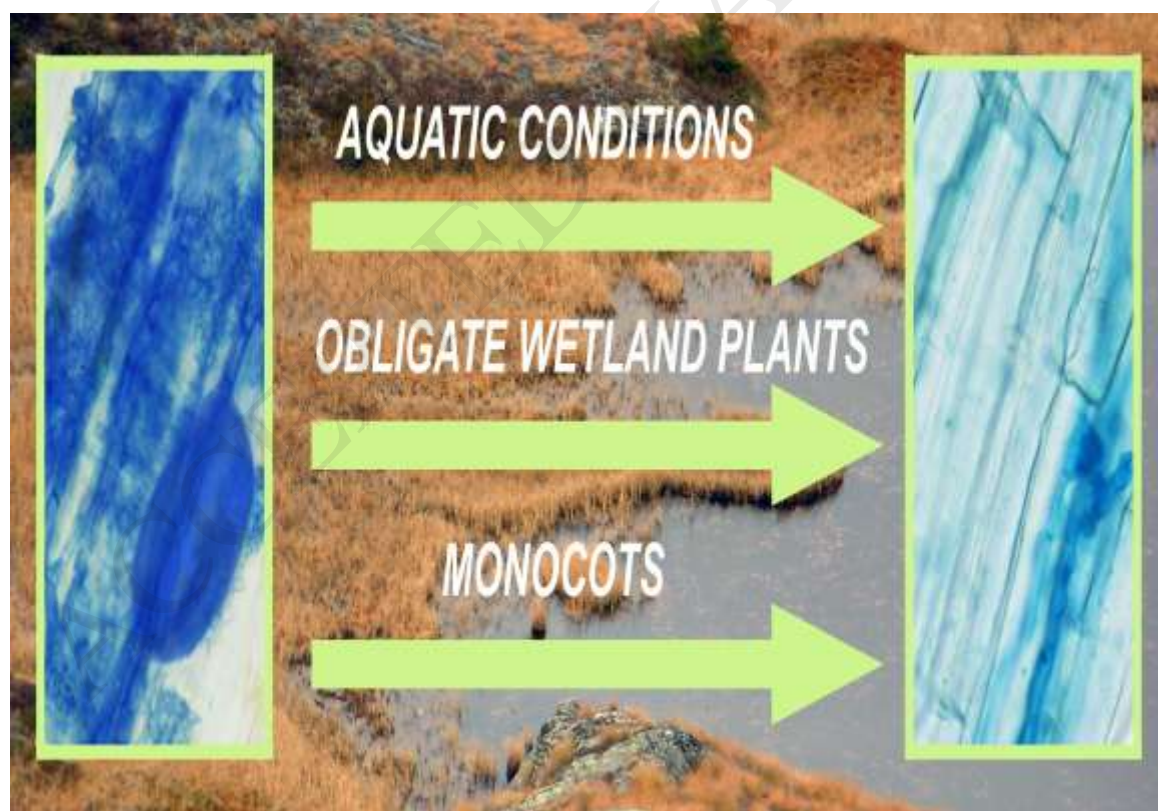

# How important is arbuscular mycorrhizal colonization in wetland and aquatic habitats?
