

Accepted Manuscript

Composition of black soldier fly prepupae and systematic approaches for extraction and fractionation of proteins, lipids and chitin

Augusta Caligiani, Angela Marseglia, Giulia Leni, Stefania Baldassarre, Lara Maistrello, Arnaldo Dossena, Stefano Sforza

PII: S0963-9969(17)30866-9
DOI: doi:[10.1016/j.foodres.2017.12.012](https://doi.org/10.1016/j.foodres.2017.12.012)
Reference: FRIN 7218
To appear in: *Food Research International*
Received date: 8 September 2017
Revised date: 28 November 2017
Accepted date: 8 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Composition of black soldier fly prepupae and systematic approaches for extraction and fractionation of proteins, lipids and chitin
