

# Accepted Manuscript

Biogenic amine formation and bacterial contribution in *Cheonggukjang*, a Korean traditional fermented soybean food

Ah Ran Jeon, Jae Hoan Lee, Jae-Hyung Mah

PII: S0023-6438(18)30186-5

DOI: [10.1016/j.lwt.2018.02.047](https://doi.org/10.1016/j.lwt.2018.02.047)

Reference: YFSTL 6902

To appear in: *LWT - Food Science and Technology*

Received Date: 29 June 2017

Revised Date: 15 February 2018

Accepted Date: 16 February 2018

Please cite this article as: Jeon, A.R., Lee, J.H., Mah, J.-H., Biogenic amine formation and bacterial contribution in *Cheonggukjang*, a Korean traditional fermented soybean food, *LWT - Food Science and Technology* (2018), doi: 10.1016/j.lwt.2018.02.047.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
