Development of *Gracilaria vermiculophylla* extract films containing zinc oxide nanoparticles and their application in smoked salmon packaging

Su-Kyoung Baek, Kyung Bin Song

PII: S0023-6438(17)30818-6

DOI: [10.1016/j.lwt.2017.10.064](https://doi.org/10.1016/j.lwt.2017.10.064)

Reference: YFSTL 6627

To appear in: *LWT - Food Science and Technology*

Received Date: 4 July 2017

Revised Date: 14 October 2017

Accepted Date: 29 October 2017

Please cite this article as: Baek, S.-K., Song, K.B., Development of *Gracilaria vermiculophylla* extract films containing zinc oxide nanoparticles and their application in smoked salmon packaging, *LWT - Food Science and Technology* (2017), doi: 10.1016/j.lwt.2017.10.064.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Development of *Gracilaria vermiculophylla* extract films containing zinc**
2 **oxide nanoparticles and their application in smoked salmon packaging**
