Stable isotopic composition of atmospheric precipitation on the Crimean Peninsula and its controlling factors

Yuri V. Dublyansky, Alexander B. Klimchouk, Sergey V. Tokarev, Gennady N. Amelichev, Lukas Langhamer, Christoph Spötl

PII: S0022-1694(18)30602-4

DOI: <https://doi.org/10.1016/j.jhydrol.2018.08.006>

Reference: HYDROL 23020

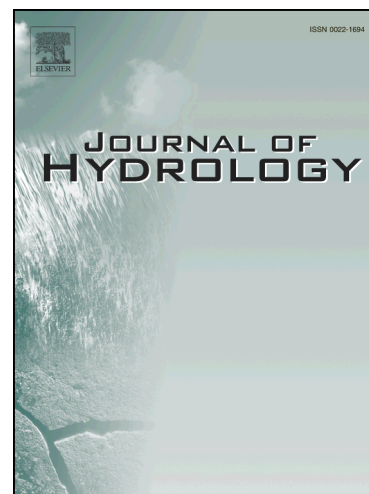

To appear in: *Journal of Hydrology*

Received Date: 5 July 2018

Accepted Date: 3 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
