Landscape and Anthropogenic Factors Affecting Spatial Patterns of Water Quality Trends in a Large River basin, South Korea

Janardan Mainali, Heejun Chang

PII: S0022-1694(18)30496-7

DOI: <https://doi.org/10.1016/j.jhydrol.2018.06.074>

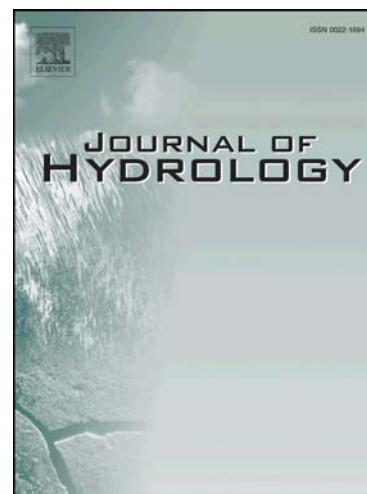

Reference: HYDROL 22923

To appear in: *Journal of Hydrology*

Received Date: 16 February 2018

Revised Date: 28 May 2018

Accepted Date: 26 June 2018

Please cite this article as: Mainali, J., Chang, H., Landscape and Anthropogenic Factors Affecting Spatial Patterns of Water Quality Trends in a Large River basin, South Korea, *Journal of Hydrology* (2018), doi: <https://doi.org/10.1016/j.jhydrol.2018.06.074>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
