Low-flow frequency analysis at ungauged sites based on regionally estimated streamflows

Ana I. Requena, Taha B.M.J. Ouarda, Fateh Chebana

PII: S0022-1694(18)30438-4

DOI: <https://doi.org/10.1016/j.jhydrol.2018.06.016>

Reference: HYDROL 22865

To appear in: *Journal of Hydrology*

Received Date: 26 July 2017

Revised Date: 2 April 2018

Accepted Date: 6 June 2018

Please cite this article as: Requena, A.I., Ouarda, T.B.M., Chebana, F., Low-flow frequency analysis at ungauged sites based on regionally estimated streamflows, *Journal of Hydrology* (2018), doi: <https://doi.org/10.1016/j.jhydrol.2018.06.016>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Low-flow frequency analysis at ungauged sites based on regionally estimated streamflows

Ana I. Requena^{1,*}, Taha B. M. J. Ouarda¹ and Fateh Chebana¹
