Parameter transferability within homogeneous regions and comparisons with predictions from a priori parameters in the eastern United States

Wafa Chouaib, Younes Alila, Peter V. Caldwell

PII: S0022-1694(18)30184-7

DOI: <https://doi.org/10.1016/j.jhydrol.2018.03.018>

Reference: HYDROL 22651

To appear in: *Journal of Hydrology*

Received Date: 29 December 2017

Revised Date: 19 February 2018

Accepted Date: 7 March 2018

Please cite this article as: Chouaib, W., Alila, Y., Caldwell, P.V., Parameter transferability within homogeneous regions and comparisons with predictions from a priori parameters in the eastern United States, *Journal of Hydrology* (2018), doi: <https://doi.org/10.1016/j.jhydrol.2018.03.018>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
