New Approach in Bivariate Drought Duration and Severity Analysis

Majid Montaseri, Babak Amirataee, Hossein Rezaie

PII:	\$0022-1694(18)30094-5
DOI:	https://doi.org/10.1016/j.jhydrol.2018.02.018
Reference:	HYDROL 22567
To appear in:	Journal of Hydrology
Received Date:	17 October 2017
Accepted Date:	10 February 2018

Please cite this article as: Montaseri, M., Amirataee, B., Rezaie, H., New Approach in Bivariate Drought Duration and Severity Analysis, *Journal of Hydrology* (2018), doi: https://doi.org/10.1016/j.jhydrol.2018.02.018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
