Explanation of climate and human impacts on sediment discharge change in Darwinian hydrology: derivation of a differential equation

Jianjun Zhang, Guangyao Gao, Bojie Fu, Lu Zhang

PII: S0022-1694(18)30166-5
DOI: <https://doi.org/10.1016/j.jhydrol.2018.02.084>
Reference: HYDROL 22633

To appear in: *Journal of Hydrology*

Received Date: 18 December 2017
Revised Date: 27 February 2018
Accepted Date: 28 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Explanation of climate and human impacts on sediment discharge change
in Darwinian hydrology: derivation of a differential equation**
