

## Accepted Manuscript

Recent area and volume loss of Alpine glaciers in the Adda River of Italy and their contribution to hydropower production

Carlo D'Agata, Daniele Bocchiola, Andrea Soncini, Davide Maragno, Claudio Smiraglia, Guglielmina Adele Diolaiuti

PII: S0165-232X(17)30031-9  
DOI: <https://doi.org/10.1016/j.coldregions.2017.12.010>  
Reference: COLTEC 2505  
To appear in: *Cold Regions Science and Technology*  
Received date: 18 January 2017  
Revised date: 5 November 2017  
Accepted date: 22 December 2017

Please cite this article as: Carlo D'Agata, Daniele Bocchiola, Andrea Soncini, Davide Maragno, Claudio Smiraglia, Guglielmina Adele Diolaiuti , Recent area and volume loss of Alpine glaciers in the Adda River of Italy and their contribution to hydropower production. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Coltec(2017), <https://doi.org/10.1016/j.coldregions.2017.12.010>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
