Reply to the comment on “First records of syn-diagenetic non-tectonic folding in Quaternary thermogene travertines caused by hydrothermal incremental veining” by Billi et alii

Andrea Billi, Gabriele Berardi, Jean-Pierre Gratier, Federico Rossetti, Gianluca Vignaroli, M. Oruç Baykara, Stefano M. Bernasconi, Sándor Kele, Michele Soligo, Luigi De Filippis, Chuan-Chou Shen

PII: S0040-1951(17)30365-7
DOI: doi: [10.1016/j.tecto.2017.09.005](https://doi.org/10.1016/j.tecto.2017.09.005)
Reference: TECTO 127618
To appear in: *Tectonophysics*
Received date: 21 July 2017
Revised date: 2 September 2017
Accepted date: 6 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
