

## Accepted Manuscript

Natural occurrence of nanocrystalline Al-hydroxysulfates: Insights on formation, Al solubility control and As retention

Christoph Wanner, Rosemarie Pöthig, Sergio Carrero, Alejandro Fernandez-Martinez, Christian Jäger, Gerhard Furrer

PII: S0016-7037(18)30346-6  
DOI: <https://doi.org/10.1016/j.gca.2018.06.031>  
Reference: GCA 10820

To appear in: *Geochimica et Cosmochimica Acta*

Received Date: 30 January 2018  
Revised Date: 15 June 2018  
Accepted Date: 23 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
