

## Accepted Manuscript

Theoretical isotopic fractionation between structural boron in carbonates and aqueous boric acid and borate ion

Etienne Balan, Johanna Noireaux, Vasileios Mavromatis, Giuseppe Saldi, Valérie Montouillout, Marc Blanchard, Fabio Pietrucci, Christel Gervais, James R. Rustad, Jacques Schott, Jérôme Gaillardet

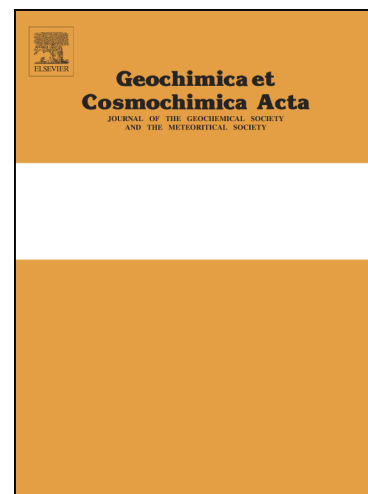

PII: S0016-7037(17)30680-4  
DOI: <https://doi.org/10.1016/j.gca.2017.10.017>  
Reference: GCA 10522

To appear in: *Geochimica et Cosmochimica Acta*

Received Date: 11 April 2017  
Accepted Date: 15 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
