Contrasting Accessory Mineral behavior in minimum-temperature melts: empirical constraints from the Himalayan Metamorphic Core

John M. Cottle, Kyle P. Larson, Chris Yakymchuk

PII: S0024-4937(18)30160-9
DOI: doi:[10.1016/j.lithos.2018.05.003](https://doi.org/10.1016/j.lithos.2018.05.003)
Reference: LITHOS 4649

To appear in:

Received date: 28 February 2018
Accepted date: 5 May 2018

The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Lithos(2018), doi:[10.1016/j.lithos.2018.05.003](https://doi.org/10.1016/j.lithos.2018.05.003)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
