

## Accepted Manuscript

New U-Pb geochronology evidence for 2.3 Ga detrital zircon grains in the youngest Huronian Supergroup formations, Canada

C.M. Hill, D.W. Davis, P.L. Corcoran

PII: S0301-9268(18)30091-3

DOI: <https://doi.org/10.1016/j.precamres.2018.07.001>

Reference: PRECAM 5121

To appear in: *Precambrian Research*

Received Date: 6 February 2018

Revised Date: 6 June 2018

Accepted Date: 2 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
