

## Accepted Manuscript

Vegetation variation of loess deposits in the southeastern Inner Mongolia, NE China over the past ~1.08 million years

Anqi Lyu, Huayu Lu, Lin Zeng, Hongyan Zhang, Enlou Zhang, Shuangwen Yi

PII: S1367-9120(17)30629-6  
DOI: <https://doi.org/10.1016/j.jseaes.2017.11.013>  
Reference: JAES 3306

To appear in: *Journal of Asian Earth Sciences*

Received Date: 15 September 2017  
Revised Date: 5 November 2017  
Accepted Date: 6 November 2017

Please cite this article as: Lyu, A., Lu, H., Zeng, L., Zhang, H., Zhang, E., Yi, S., Vegetation variation of loess deposits in the southeastern Inner Mongolia, NE China over the past ~1.08 million years, *Journal of Asian Earth Sciences* (2017), doi: <https://doi.org/10.1016/j.jseaes.2017.11.013>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
