

Accepted Manuscript

Tracking mechanical Dauphiné twin evolution with applied stress in axial compression experiments on a low-grade metamorphic quartzite

Alexander Minor, Erik Rybacki, Manuel Sintubin, Sven Vogel, Hans-Rudolf Wenk

PII: S0191-8141(18)30193-7

DOI: [10.1016/j.jsg.2018.04.002](https://doi.org/10.1016/j.jsg.2018.04.002)

Reference: SG 3621

To appear in: *Journal of Structural Geology*

Received Date: 1 August 2017

Revised Date: 30 March 2018

Accepted Date: 4 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Tracking mechanical Dauphiné twin evolution with applied stress in axial
compression experiments on a low-grade metamorphic quartzite**
