Optimised spectral merge of the background model in seismic inversion

Roy White, Ehsan Zabihi Naeini

PII: S0926-9851(16)30455-4
DOI: doi: [10.1016/j.jappgeo.2016.10.031](https://doi.org/10.1016/j.jappgeo.2016.10.031)
Reference: APPGEO 3118

To appear in: *Journal of Applied Geophysics*

Received date: 28 June 2016
Revised date: 17 October 2016
Accepted date: 27 October 2016

Please cite this article as: White, Roy, Naeini, Ehsan Zabihi, Optimised spectral merge of the background model in seismic inversion, *Journal of Applied Geophysics* (2016), doi: [10.1016/j.jappgeo.2016.10.031](https://doi.org/10.1016/j.jappgeo.2016.10.031)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Optimised spectral merge of the background model in seismic inversion

Roy White¹ and Ehsan Zabihi Naeini²

11 October 2016
