### Accepted Manuscript

Simulating the failure process of the Xinmo landslide using discontinuous deformation analysis

ENGINEERING GEOLOGY

Kun-Ting Chen, Jian-Hong Wu

PII: S0013-7952(17)31575-2

DOI: doi:10.1016/j.enggeo.2018.04.002

Reference: ENGEO 4813

To appear in: Engineering Geology

Received date: 1 November 2017
Revised date: 24 March 2018
Accepted date: 2 April 2018

The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Engeo(2017), doi:10.1016/j.enggeo.2018.04.002

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## ACCEPTED MANUSCRIPT

# Simulating the Failure Process of the Xinmo Landslide Using Discontinuous Deformation Analysis
