Synthesis of Cobalt Doped Titania Nano Material Assisted By Gemini Surfactant: Characterization and Application in Degradation of Acid Red under Visible Light Irradiation

Chekuri Radha Devi, Tirukkuvalluri Siva Rao

PII: S1026-9185(16)30044-0

DOI: [10.1016/j.sajce.2017.10.001](https://doi.org/10.1016/j.sajce.2017.10.001)

Reference: SAJCE 47

To appear in: *South African Journal of Chemical Engineering*

Received Date: 2 August 2016

Revised Date: 18 September 2017

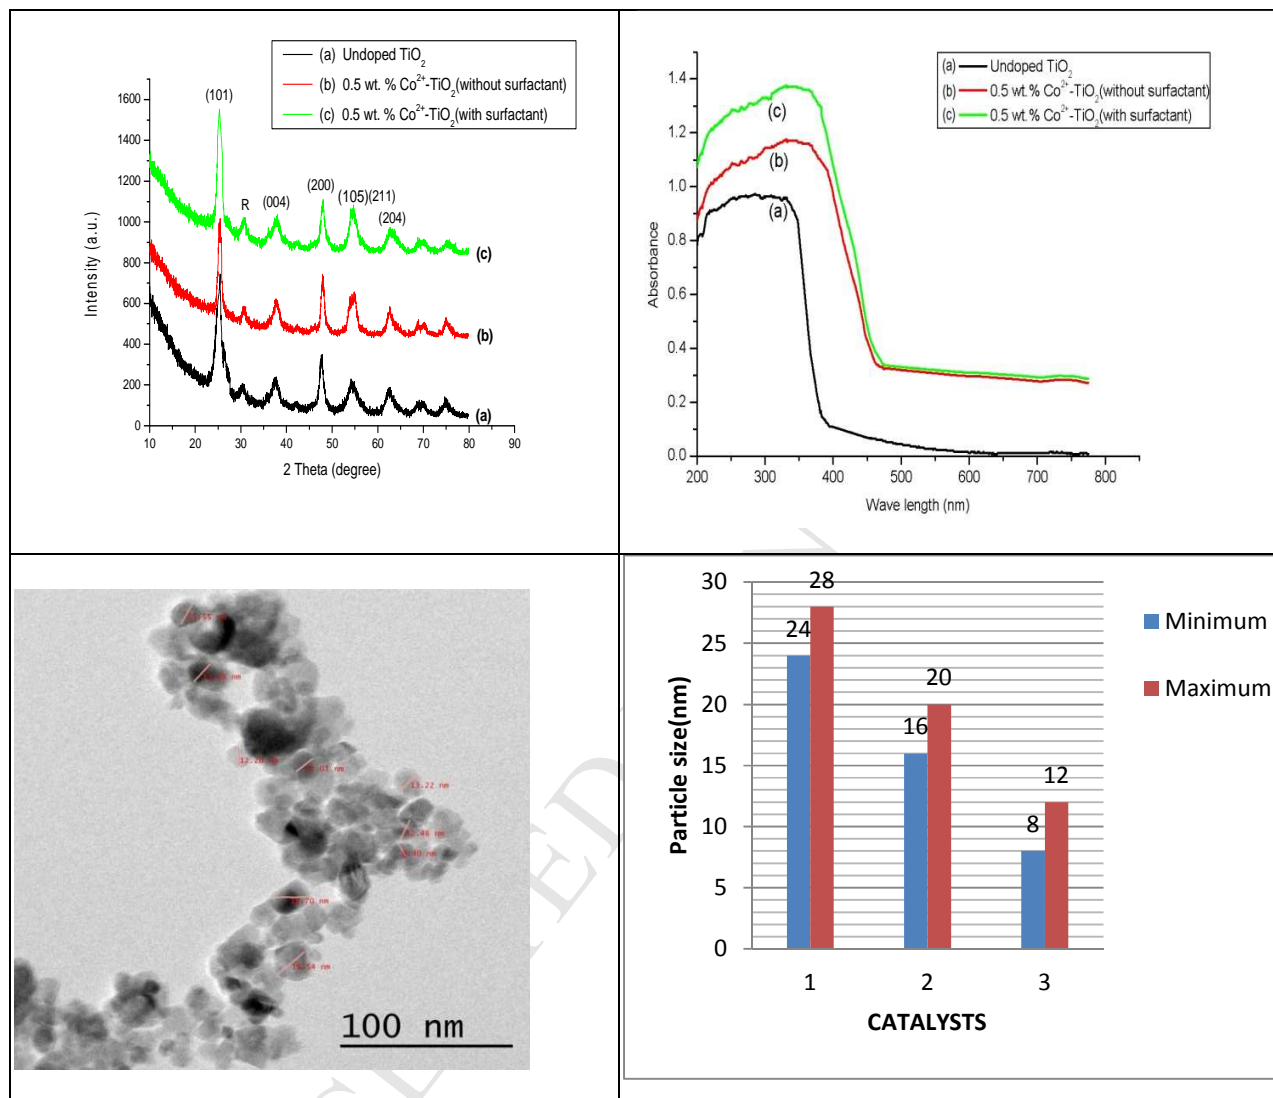

Accepted Date: 1 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
