

## Accepted Manuscript

Thermoelectric Generator with Air-Cooling Heat Recovery Device from Wastewater

Fankai Meng, Lingen Chen, Zhihui Xie, Yanlin Ge

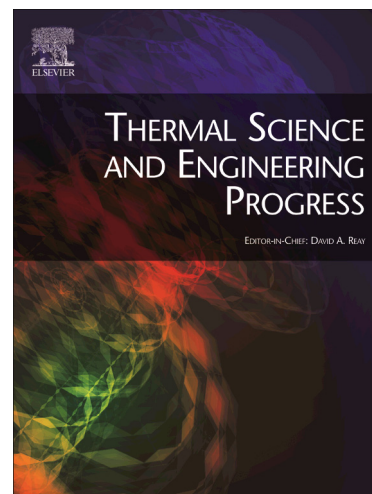

PII: S2451-9049(17)30091-4  
DOI: <https://doi.org/10.1016/j.tsep.2017.09.008>  
Reference: TSEP 60

To appear in: *Thermal Science and Engineering Progress*

Received Date: 30 April 2017  
Revised Date: 28 August 2017  
Accepted Date: 24 September 2017

Please cite this article as: F. Meng, L. Chen, Z. Xie, Y. Ge, Thermoelectric Generator with Air-Cooling Heat Recovery Device from Wastewater, *Thermal Science and Engineering Progress* (2017), doi: <https://doi.org/10.1016/j.tsep.2017.09.008>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
