This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title

Staphylococcal toxic shock syndrome associated with disseminated intravascular coagulopathy leading to compartment syndrome of the lower extremity

Short Title

STSS, DIC and Compartment Syndrome

Authors

Martin F. Vierhapper*, Denise Traxler*, Christine Radtke*

* Division of Plastic and Reconstructive Surgery, Department of Surgery, Vienna Medical University

Performed at:

Intensive Care unit, Division of Plastic and Reconstructive Surgery, Department of Surgery, Vienna Medical University

Corresponding/first Author

Martin F. Vierhapper, Dr.
