**Declarations of Interest**

Declarations of Interest: none

**Funding Source**

This study was generously supported by the University of Minnesota Office of Information Technology Faculty Fellowship Program and by a Chancellor's Cabinet Strategic Grant from the University of Minnesota Duluth. The Faculty Fellowship Program provided research consultation and supported the Institutional Review Board process for this study.

**Acknowledgements**

Thank you to my fellow participants in the UMN OIT Faculty Fellowship program who offered support and inspiration for this project. I would also like to thank the program leaders and staff and especially my research consultant, Paul Baepler, for his valuable advice and insights.
