This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Non-surgical management in hemodynamically unstable blunt traumatic pericardial effusion: A feasible option for treatment

Short title: Blunt traumatic pericardial effusion

Authors: Shinsuke Tanizaki, MD*, Satoru Nishida, MD**, Shigenobu Maeda, MD*, Hiroshi Ishida, MD*.

Affiliations: Department of Emergency Medicine, Fukui Prefectural Hospital, Fukui, Japan*, Department of Cardiovascular Surgery, Fukui Prefectural Hospital, Fukui, Japan **

Address for Correspondence: Shinsuke Tanizaki, MD, Department of Emergency Medicine, Fukui Prefectural Hospital, 2-8-1, Yotsui, Fukui, Japan 910-8526, Tel 81-776-54-5151, fax 81-776-57-2991; E-mail: sytanizak@yahoo.co.jp.

There are no potential conflicts of interest.

This paper has not been presented anywhere.

Keywords; Blunt trauma, hemodynamic instability, pericardial effusion, pericardial window.
