Title: Effects of microwave and ultrasound exposure to microsphere particles made out of different classes of inorganic and organic materials

Authors: Chandima Weerakkody, Curtis Guild, Laura A. Achola, Joseph Palo, Steven L. Suib

PII: S1226-086X(18)30207-7
DOI: <https://doi.org/10.1016/j.jiec.2018.04.032>
Reference: JIEC 3973

To appear in:

Received date: 4-10-2017
Revised date: 21-4-2018
Accepted date: 22-4-2018

Please cite this article as: Chandima Weerakkody, Curtis Guild, Laura A. Achola, Joseph Palo, Steven L. Suib, Effects of microwave and ultrasound exposure to microsphere particles made out of different classes of inorganic and organic materials, Journal of Industrial and Engineering Chemistry <https://doi.org/10.1016/j.jiec.2018.04.032>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effects of microwave and ultrasound exposure to microsphere particles made out of different classes of inorganic and organic materials
