To appear in:

Received date: 25-1-2018  
Accepted date: 29-1-2018

Please cite this article as: F. Hell, J.H. Mehrkens, K. Bötzel, Auf dem Weg zur adaptiven Hirnstimulation, *Neurophysiologie-Labor* (2018), <https://doi.org/10.1016/j.neulab.2018.02.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Auf dem Weg zur adaptiven Hirnstimulation

### Feedback signals for adaptive DBS. Current perspectives and future directions
