This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Response to Letters to the Editor

Title: Molecular testing turnaround time in non-small cell lung cancer: monitoring a moving target.

Short title: Molecular testing in NSCLC

Authors: Paul A. VanderLaan MD PhD^{1*}, Yigu Chen MPH¹, Marcello DiStasio MD PhD¹, Deepa Rangachari MD², Daniel B. Costa MD PhD², Yael K. Heher MD MPH¹
