**Acknowledgements**

We would like to thank all of the patients who kindly participated in this study, as well as all of the research assistants, physicians, and personnel who helped us with this study and imaging procedures.

**Funding**

This study was sponsored by grants from Taipei Veterans General Hospital (VGHUST104-G4-1-2; V104B-002; V104E9-003) and the Ministry of Science and Technology (MOST 103-2314-B-075-072-MY3; 104-2315-B-039-004). The aforementioned organizations had no influence on the study design, data collection, analysis, interpretation of results, writing of the report, or ultimate decision to submit the paper for publication. None of the authors in this study has any conflicts of interest to declare.
